

A9 CHALLENGE ATV ADVENTURE

Modeled after our popular Land Rover adventure, it is a hybrid of mountain orienteering, snowmobiling, and special challenges

DETAILS

Teams of 10 people will be fitted for suits & helmets and pair up on five modern ATV's for their primary mode of transport. The teams use GPS units to navigate a mountain course of hidden camps where a series of challenges await. The special challenges are a mix of mental, such as survival scenarios and physical, such as adventure stimulations. Successful teams will plan, communicate, cooperate, develop leaders, assess risks and solve complex problems throughout the adventure. Come and explore the ultimate business adventure!

LOCATIONS:

- Deer Valley
- Park City Mountain
- Snowbird
- Let us build an A9 Adventure at a favorite park near you!

GROUP SIZE: 10-60

TEAM SIZE: 10

LENGTH: 3-4 HOURS

CHALLENGES

- Avalanche Search & Rescue
- Build a Snow Cave
- Snow-Blind Tent Construction
- Team Ski
- First-Aid Rescue
- Fire & Water Purification

BENEFITS

- Team building for the 21st century modeled after the Amazing Race.
- Planning, Leadership, Communication, Risk Assessment & Group Problem Solving.
- Cultivate a unique corporate culture and celebrate your success.
- Level the playing field, remove corporate masks and learn more about your teammates
- Explore new boundaries & create a lasting memory in the incredible Wasatch Mountains.

At Park City Teamworks, we guide business teams on wilderness adventures to improve performance and encourage organizational change.

The outdoor adventures you experience will allow you to explore new boundaries and unleash your team's creativity. We are confident your growth solutions lie within your team and can be released when you experience any of our business adventures.
